

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office

April 5, 2000

LB 659

five-minute rule, nothing else. It does not permit the player to play without intervention by someone other than...not under the player's control. Nobody can walk up to this machine and play it. It has to have a person behind the...behind operating it. It does not permit slot machines. It's been endorsed by the League of Municipalities and 80 united communities of the Nebraska cooperative government and numerous individuals, counties, cities, and villages. Slot machines can take money directly. Keno play is purchased from a keno worker. Slot machines drop winnings into trays. The keno worker plays (sic) keno winnings. Only one person can play a slot machine at a time. I could go on and on and on about that. Slot machines do not play with numbers. Keno requires the player to pick numbers, to wager, have numbers picked for him. Also, I find it a little bit...I can't find the right word, obnoxious or...I don't know what, for us to say how people should spend their money. Some of the people, elderly people, play bingo. This is what they want to do. They don't want to join the country club anymore. They've never wanted to. Maybe they don't...wanted to at one time but aren't able to play golf anymore. They don't want to go out to three-hour expensive dinners. This is what they want to do for entertainment. They limit the amount that they play and it's their form of entertainment. It goes for...keno goes for community betterment. I could give you a list of some of the things that they do: in my own town, we help fund the library budget; Ericson, we bought a new fire truck; Grant, money to a hospital to buy a monitor; Keith County, money for Keith County Library; Long Pine, rejuvenation of water lines. I'm just...this is just a few. Paxton purchased a new ambulance. Waterloo purchased a police car. Kimball, youth center; addition to the fire house; equipment, Kimball County Hospital; loaned money to 30-unit congregate living facilities. Holbrook, money to Red Cross; reroof the fire hall and community building in Anselmo. This goes on and on and on. I don't think it's us...it's up to us to tell people what they could do for entertainment. This is not expansion of gambling. Whether we pass this bill or not today, these forms of entertainment--keno and pickles--will still be here. I see no reason why we can't come on to the electronic age. I adamantly oppose the Jensen amendment. I think it's short-sighted. It doesn't show much common sense. Thank you.
